

# 4 Weeks to Move Out

- Begin to divide your room into items you want to keep and those you wish to donate, give away or otherwise dispose of. Find out how to reduce what goes to landfill at: [www.warwicksu.com/movingout](http://www.warwicksu.com/movingout)
- Keep your final rubbish and recycling collection dates in mind and plan your packing accordingly.
- Cancel all contracts which need a month's notice, such as your Wi-Fi, gas, electricity and/or water.
- Reconfirm your moving-out date with all parties concerned, particularly with any removal or storage companies.
- Getting rid of a piece of furniture? Ring British Heart Foundation to see if they can collect, or arrange a collection from your local council. Check out [warwicksu.com/movingout/#furniture](http://warwicksu.com/movingout/#furniture) for how.
- Replace any large items, such as furniture, which have either been damaged or gone missing.
