

# 1 Week to Move Out

- Pack up anything remaining in your room, leaving only one box of items you will need up to move-out day. Pack up all kitchen items besides the essentials, too!
- Donate all non-perishable food to a local foodbank, and reduce food waste by planning your last few meals. Find out how at [warwicksu.com/movingout/#food](https://warwicksu.com/movingout/#food)
- Begin the full house clean, dedicating a few hours each day to different rooms. You can start with our sample checklist at [warwicksu.com/movingout/#cleaning](https://warwicksu.com/movingout/#cleaning)
- Remove all posters & blu-tack/pins from the walls & clean as appropriate.
- Clean the kitchen: cooker, oven, fridge/freezer, cupboards.
- Clean the bathroom: toilet, sink, bath/shower.
- Stick to that pledge to send as little as possible to landfill when you move out this year. Check out [warwicksu.com/movingout](https://warwicksu.com/movingout) to find out how to donate whatever you have left!
- Finish off that end-of-year Bucket List and say your goodbyes to friends!
- For moving-out day, pack a bag of essentials for yourself (phone charger, clean clothes, towel, toiletries)
