

Warwick Students' Union
Term 3 2025-26 Impact Report

Introduction

As another academic year draws to a close, we're proud to look back on everything Warwick Students' Union has achieved alongside our students – supporting them when they need help, amplifying their voices, creating opportunities to get involved, and bringing our community together.

From hundreds of students accessing advice and support, to students shaping the future of the Union through elections and representation, to thousands making memories at events, sports fixtures and social activities, Warwick students have continued to make this campus a vibrant and inspiring place to be.

This report celebrates some of the achievements, successes and moments that have made a difference this term, and highlights the impact that students, officers, staff and volunteers have created together across the Warwick community.
